Claim:

Again (re)discover, what has been written from the beginning in the middle of our being.

Holy is, what belongs to G-d, also mankind was deprived disposability from the beginning. Also who, what and when holy is lies, incl. all their specifying determinations, for ever at G-d's discretion, never in ours. The very first, what G-d calls holy in the creation report of Torah/Bible – Genesis/B'resheet, chapter 2 – is the Shabbat. Haven Christians and Muslims, against better knowledge, robbed G-d of his property, whereas even Sura 2, 66 (Al-Bakarah) in the Coran calls such as apes, who – despite knowledge – despise the Shabbat command?

God's Sabbath wants internationally to create delight, to share again with G-d, what belongs to HIM. For the G-d of Abraham is our all G-d. the ONE, who AT THE BEGINNING (Hebrew - B'RESHEET) decided by Himself: *Let US make men*, HE may return to us the longing in our hearts, to expect everything from Him, what has been promised to us in case of our sanctifying reception preparedness towards Him (Prophet Isaiah 58:13-15): *If thou … call the Sabbath a >delight<, the holy of the LORD, >honourable<;…Then shalt thou delight thyself in the LORD; and I will cause thee to ride upon the high places of the earth,…for the mouth of the LORD hath spoken it.* A promise of G-d, His WORD!

International Foundation:

Even out from Germany – where through Luther („Against the Shabbat keepers", 1538) and Hitler (1933-45) those glorious perspectives of mankind were destroyed most lasting – shall again the view to unto G-d's Zion be freed.

Are you already praying with the thought, as Muslim, Jewish or Christian ProIsrael- or Shabbat sanctifying organisation to become a founding member of God's Sabbath International gAktiengesellschaft?

Than take up contact <u>as soon as possible</u> with below mentioned Dr. Brunsmann. For only founding members, members of the Executive Board and members of the Supervisory Board receive after approval „restricted transferability of shares of inscribed stock". Shares acquired beyond that will be offered worldwide, so that every man can, no matter on which continent, participate in this corporate - and peace project. Could G-d's Shabbat in this humbleness before His WORD not become a worldwide blessing? *G-d blessed the seventh day and sanctified it*! The rest (Shabbat)- and peace (Shalom)-share?

In Germany – even in Germany because of its history - shall a „Mount Zion" CONGRESS Center be created, whereto groups from all over the world are invited, to receive from competent speakers „as G-d wills" all humanly understandable about the reconciling blessing of the Shabbat into themselves and carry it back as a blessing in their countries. Also these „God's Sabbath-Lecturer" will able to be booked from other countries for presentations in their countries, so that the view to the promised Zion will become free again for the entire world. For, as Michael Schneider once recognized: *Shabbat was „created last by G-d, but was first thought of".*
